Intensive Training Developed and Certified by the National Guild of Hypnotists. All classes are independently conducted by a Certified Instructor using the NGH developed core curriculum and teaching materials. Each independent Certified Instructor has completed specialized training and is held to specific performance standards in presenting this material to students. Successful graduates of these classes are eligible to be designated as Certified Hypnotists by the National Guild of Hypnotists, the oldest and largest organization of its kind with over 10,000 members around the world.

Our curriculum is designed to provide a complete classical approach to hypnotism, which enables each student to immediately become a practicing hypnotist specializing in weight control, smoking cessation, and stress management for individuals and groups. Upon completion of this course of study, graduates will be eligible for certification by the National Guild of Hypnotists.

To thoroughly prepare you for this important advancement in your career, you will study . . .

- An overview of the field of Hypnotism, including Medical and Therapeutic uses, Personal Improvement, and Educational uses.
- The rationale for Hypnosis.
- The relationship between Hypnosis and Behavioral Therapy.
- The use of suggestibility testing to determine the best hypnotic subjects.
- The depth stages of hypnosis.
- How and when to use Authoritative and Permissive induction techniques.
- The method to formulate and use post-hypnotic suggestions.
- The simple method of self-hypnosis for self-improvement.
- Specific applications for hypnosis and self-hypnosis including proven and tested programs for smoking cessation, weight control, and stress management.

The course of study is designed for those who want career advancement and who want to work with people in a private professional practice of their own. It is also suitable for mental health professionals, including therapists, counselors, social workers, nurses and teachers who want to enhance their skills.

Only a limited number of students are accepted in each class so that they may experience the personal attention and hands-on training that National Guild of Hypnotists Certified Instructors are noted for. All approved printed materials have been developed by the National Guild of Hypnotists' Educational Division for use only by authorized instructors.

Course Outline

Introduction to Hypnotism and Overview of the Field

General orientation . . . popular myths and their sources . . . historical roots of hypnosis . . . how hypnosis has helped and is helping various professions in their healing work.

Use of Tests to Determine Which Types of Hypnotic Induction Will Be Most Effective for Each Client

Importance of preliminary suggestibility testing . . . gauging and enhancing individual responsiveness . . . self-hypnosis training . . . student practice.

How to Classify Clients and Make Them Comfortable With Hypnosis

Which people make the best subjects . . . when not to hypnotize someone . . . when not to use hypnosis . . . instantaneous hypnosis . . . exiting the client from hypnosis.

How to Use an Authoritative Induction Method

How to achieve “rapport” with a client . . . psychology for the Hypnotist . . . laws of suggestion . . . recognition of the depth of the hypnotic state . . . pre-induction talk . . . qualities of the hypnotic voice . . . practice using the authoritative induction method and depth tests . . . Dr. Flowers method.

Changing Behaviors Using Post-Hypnotic Suggestions

Learning to formulate positive suggestions . . . reinforcement and encouragement . . . practical exercises using suggestion formulation techniques . . . defining success . . . caring, empathizing, and creating rapport . . . non-therapeutic applications of hypnotherapy.

How to Use a Permissive Induction Method

Hypnosis for enhancing memory, including techniques for hyperamnesia and age regression . . . indirect suggestions . . . indirect hypnosis . . . distraction/confusion method . . . practice will include hypnosis techniques for smoking cessation, weight loss, and stress reduction. Scripts will be provided.

Deepening Techniques

Miscellaneous information including words to avoid . . . ethical considerations . . . medical and dental use of hypnosis . . . reinforcement of posthypnotic suggestions for self-hypnosis conditioning.

Hypnosis programs for Smoking Cessation, Weight Management and Stress Reduction

Complete programs already proven for dealing with these problems for the general public and industry . . . the use of imagery for these programs . . . how to present seminars and programs.

The Business Aspects of Your Hypnosis Practice

Records to keep for each client . . . precautions in the practice of hypnotism . . . how to establish your professional practice.

You Will Learn...

Preliminary Suggestibility Tests The purpose and types (authoritarian & permissive) are discussed and demonstrated. Participants practice each test.

Recognition and Classification of Subjects An in-depth discussion of the qualification of subjects, including common fallacies we encounter, occupational susceptibility, age, and susceptibility of highly impressionable and emotional people.

Favorable & Unfavorable Influences & “Dangers” of Hypnosis In this lesson, we discuss the influences of light and color, of temperature, of odors, of music and sound, of quiet, of ease and comfort, of physical conditions and the influence of emotions and its effect on inducing hypnosis. In addition, the “dangers” of hypnosis are revealed.

How to Hypnotize Classical and advanced hypnotic induction procedures are introduced. Participants practice and are critiqued.

Methods of Ending Hypnosis the Session Ordinary and gradual awakening methods are shown. Participants practice a self-hypnosis induction and inductions with each other.

Depth Stages of Hypnosis Participants are introduced to the two general divisions (mnestic and amnesic) and the six depth stages of hypnosis. The criteria for judging trance depth and suggested sequence of tests to judge depth are discussed and illustrated.

Self-Hypnosis Training Participants will learn the rationale for using self-hypnosis and how it can influence all phases of their lives. In addition, they will be introduced to the world of “suggestion,” and learn important criteria for formulating action suggestions.

Hypnotic Miscellany Mechanical aids, Post hypnotic suggestion, Deepening techniques. Topics such as negative word traps, unethical post-hypnotic suggestions are discussed. An introduction to anesthesia management takes place in this lesson.

Advanced Induction Techniques The criteria necessary to perform an effective progressive relaxation induction. Instantaneous, indirect and waking hypnosis techniques are shown and practiced also.

Your Hypnosis Practice – How Should It Be Structured The varied possibilities and options open to create a profitable hypnosis practice are explored. This includes how to start, expand and market one’s private practice. The methodology and structure of developing a teaching practice, and marketing one’s hypnosis programs to the corporate world.

This Hypnotism Certification Course is for career-minded individuals interested in helping themselves and others. The program is designed to give participants a working understanding of hypnosis. All classes are practical, concentrating heavily on the *how-to-do-it* aspects.

By means of supervised practice sessions, you will be trained to actually produce the hypnotic state and use it skillfully and effectively. Well thought out, tested-and-true, this course will help you to master your hypnotism skills and improve your results.

Upon completion of 75 classroom hours, and 25 hours of assignments, participants will be eligible for examination leading to graduation as an NGH Certified Hypnotist. You will learn the proven success techniques necessary for today’s stressful environment in this hands-on, intensive training. Enroll today!

Your Tuition includes:

Your Instructor

Tom Nicoli, BCH, CI

Published author, speaker and trainer, Board Certified Hypnotist with the National Guild of Hypnotists, certified in Pediatric Hypnosis with the Mottin & Johnson Institute of Hypnosis, an NGH Certified Instructor and faculty member. Member of the NGH Advisory Board and Order of Braid Council.

Recipient of the National Guild of Hypnotist’s 2003 Charles Tebbett’s Award for “Spreading the Light of Hypnotism”, the 2004 Hypnotism Achievement Award for his dedication and work in the field of hypnotism and a 2005 Special Recognition Award “for his valuable contribution to our profession with the inspired introduction of World Hypnotism Day, the 2007 Hypnotism Media Award and 2008 Ormond McGill Award – Presenter of the Year.

Tom has been involved in the study of hypnotism for 20 years, owns and operates A Better You Hypnosis, Inc. in Woburn, MA and New England Institute of Hypnosis. His clients have come from as far as Dubai, Switzerland, France, Canada and throughout the U.S.A., all seeking relief from a variety of issues from simple behavior modification to emotional and physical disorders. Author of *A Better You by Hypnosis* and *D.E.P.T.H. of Human Behavior – The Truth About Weight Loss*. He is a dynamic speaker, seminar leader and lecturer as well as a nationally recognized radio and television guest.

Harvard Medical School said, “He is an expert in his field. He speaks of his field with a passion and has a true desire to better integrate the field of hypnotherapy and medicine. He opened many of the student’s minds to the possibility of the mind-body connection. Nicoli deals in a straightforward and honest manner. His presentation was thought provoking, stimulating and made a large impression.”
